

# Warehouse Academy with Instep UK

Instep are working in Partnership with an Online Retailer to deliver a Warehouse employment routeway, supporting their recruitment of new colleagues.

The programme is designed to support individuals with varying levels of experience, making this an inclusive and purposeful programme, with jobs available.

Every learner is guaranteed an interview for a Job and there is 400+ vacancies available.

The programme is 5-10 days in length and will be delivered at the Online Retailers site in Crewe, allowing the learners to familiarise themselves with working environment, start to build their travel routine and give them an insight the role they could fulfil.

You will have the opportunity to gain qualifications in both Warehousing and Logistics, the learning model is highlighted in the image below. There will also be an opportunity for learners to be trained to use an FLT truck.
